ABOUT THE COLLEGE

Adhiparasakthi Engineering College is part of the Adhiparasakthi Charitable Medical Educational and Cultural Trust (ACMEC Trust), which was established in the year 1984. A small milestone that marked the beginning of a long sail on the ocean of education, with innovation at every step along the way. Today, ACMEC Trust operates nearly 16 Educational institutions serving the needs of 20,000 children from kindergarten to doctoral level, and a strong group of alumni who have been an integral part of enriching communities around the world for 40 years. Adhiparasakthi Engineering College is the culmination of the group's efforts to create a world-class institution that specifically addresses the rapidly changing human resource needs of the country's industry and the global village. The college is located in Melmaruvathur, just 70 km from Chennai Airport, on NH45. It is approved by All India Council for Technical Education, New Delhi and affiliated to Anna University, Chennai. The college has been awarded with ISO 9001-2015 certificate. The institution, which began with 3 Engineering disciplines, has grown to offer 8 Under Graduate, 5 Post Graduate programmes in Engineering, 2 Post Graduate programmes MBA & MCA and 4 Ph.D programmes.

ABOUT THE CONFERENCE

International Conference on Mathematics, Computing, and Artificial Intelligence for Management Innovation aims to bring together researchers, academicians, and industry professionals to explore the intersections of mathematics, advanced computing, and artificial intelligence (AI) in fostering innovation in management practices. It is organized by Adhiparasakthi Engineering College, Melmaruvathur, in collaboration with De Gruyter, a renowned academic publisher known for indexing its works in Scopus and Web of Science. This two-day virtual event, scheduled for April 16–17, 2025, will serve as a platform for showcasing cutting-edge research, innovative applications, and theoretical advancements. The conference emphasizes multi-disciplinary collaborations, with sessions ranging from mathematical modeling and AI-driven decision systems to advancements in computing and their applications in management innovation.

ABOUT THE DEPARTMENT

Department of Computer Science and Engineering was established in the year 1993. It started undergraduate course with 30 students as intake of and now strengthens to 90. In addition, PG programme M.E. Computer Science and Engineering was started in the year 2009 with 18 students as intake. The alacrity of the students to learn makes it easier for the department of computer science and engineering to produce top-notch engineers who are being recruited by companies all over the world.

ABOUT DE GRUYTER

De Gruyter, founded in 1749, is a prestigious international academic publisher based in Berlin, Germany. It publishes over 110,000 books and 900 journals across disciplines such as science, technology, medicine, humanities, and social sciences. De Gruyter is renowned for its high-quality research publications, many of which are indexed in leading databases like Scopus, Web of Science, and DOAJ. A pioneer in open-access publishing, it collaborates with global researchers and institutions, offering innovative platforms for impactful academic dissemination.

CALL FOR PAPERS
